

DEA Raids Medical Marijuana Providers: Take Action to Protect Patient Access

On Wednesday, September 27th, the Modesto medical cannabis dispensary California Healthcare Collective (CHC) was raided by a task force made up of local and federal agents. The DEA, with the help of local law enforcement, has cut off medical access to patients in the Modesto area.

Take action now to protect medical marijuana patients! Call Senators Barbara Boxer and Dianne Feinstein to express your outrage at the continued raids on providers and call on them to end these attacks!

Tell them: "The DEA has spent millions of taxpayer dollars conducting raids on more than 30 legal and registered medical cannabis patient collectives and dispensaries across the state of California. On Wednesday the DEA raided another medical cannabis dispensary in Modesto. Protect safe access, help stop the raids now!"
